Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with minePistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with mineI was raised in the hood called what the difference
The brothers in the hood we Chivalrous
So I rest defense on my ligaments
Pistol grip pump on my lap, riskin' itFull life living it, never giving it back
Too late for slipping, so slack up on my lap
Its on your lips so trap shut
A steel dick more flick for pump buttsAll I'm saying there ain't no question who the man is
In my civic or in this show biz I shoot the fool, kill the fool
Come on what you say?
I think I can take care of all you muthafuckas, don't delay right awayPistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with minePistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with minePistol grip pump on my lap at all times, right?
'Cause tricks be out for your blindside
Never understood it, but remember I showed you
That in these times you gotta look over your shoulder, strapWell that ain't nothin' but the intent of for gettin' high
And a cop ain't good for shit but just passing you by
If ever in trouble on the double best to call your pals

And if you ain't got none bias talkI gotta learn your styles around me
Are we getting along? Were family, we better be
We got your back we got your back kid
Just dont be pointing one of them guns, all right manPistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with minePistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with minePistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with minePistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
Pistol grip pump on my lap at all times
They can be fucking with other niggaz shit
But they cant be fucking with mine
