

Mirror Walls

Deer Tick

Never call your name
I just whisper
And never blue is my skin
I just missed up. Tell me a promise never
Tell me that success was your reason for concern. And never curse your name
I just choke
Never cut no corners
I just hope. And tell me that our time was not spent in vain
Tell me I can sop it up and save it from the dream. [Chorus]
Living was made of mirrors
Darling help for cause left in all you sinners
And TV stations is always wrong
The coffee never taste too long,
I'm moving on
I give my regards
To the main
The unknown face. Left to ..
In case you're sure of
The cuttin' credit cards and try to blow up Tell me that our time was not spent in vain
Tell me I can sop it up and save it from the dream. Chorus: x2]
Living was made of mirrors
Darling help for cause left in all you sinners
And TV stations is always wrong
The coffee never taste too long,
I'm moving on
I give my regards
To the main
The unknown face.
