

I'll Keep On Praying

Heaven's Mountain Band

When no one was listening to me but God while I was praying

He heard me that night

When I was lost and I needed saving

Just a little talk I had with Jesus

sure made some changes.

He took away my sin and forgave me

While I was praying.

So I'll keep on praying.

for someone today.

There was a time

when someone was me

When someone else prayed.

(Chorus)

So I'll keep on praying

for someone today

Whether it's healing

or a brother in need

or a sinner needs saving

Prayers still changes things today

So I'll keep on praying.

We've left the old path

walked by the Saints

Now we are paying

We gave up so much

Down thru the years

Now the children are straying

The old preacher said

We'd see these days

In which we are living

It's time to go back

to the old times

of Bible believing.

(Chorus)

Recorded in Bb
