

# Code Of Silence

## DJ RX

Everybody's got a million questions  
Everybody wants to know the score  
    What you went through  
    It's something you  
Should be over nowEverybody wants to hear the secrets  
    That you never told a soul before  
        And it's not that strange  
        Because it wouldn't change  
what happened anyhowBut you swore to yourself a long time ago  
    There were some things that people never needed to know  
        Guess there's one that you keep  
        That you bury so deep  
No one can tear it outAnd you can't talk about it  
    Because you're following a code of silence  
        You're never gonna to lose the anger  
You just deal with it a different wayAnd you can't talk about it  
    And isn't that a kind of madness  
    To be living by a code of silence  
When you've really got a lot to sayYou don't want to lose a friendship  
    There's nothing that you have to hide  
        And a little dirt  
Couldn't hurt no one anywayAnd you still have a rage inside you  
    That you carry with a certain pride  
    In the only part of the broken heart  
That you could ever saveBut you've been through it once  
    You know how it ends  
    You don't see the point  
    Of going through it again  
    And this ain't the place  
    And this ain't the time  
And neither's any other daySo you can't talk about it  
    Because you're following a code of silence  
        You're never gonna to lose the anger  
You just deal with it a different waySo you can't talk about it  
    And isn't that a kind of madness  
    To be living by a code of silence  
When you've really got a lot to sayI know you well enough to tell you've got your reasons  
    That's not the kind of code you're inclined to break  
        Some things unknown are best left alone forever

And if a vow is what it takes  
Haven't you paid for your mistakes After the moment passes  
And the impulse disappears  
You can still hold back  
Because you don't crack very easily It's a time honored resolution  
Because the danger is always near  
It's with you now  
But that ain't how it was supposed to be And it's hard to believe after all these years  
That it still gives you pain and it still brings tears  
And you feel like a fool  
Because it's part of your rules  
You've got a memory But you can't talk about it  
Because you're following a code of silence  
You're never gonna to lose the anger  
You just deal with it a different way But you can't talk about it  
And isn't that a kind of madness  
To be living by a code of silence  
When you've really got a lot to say
