The Morning After

Meg Myers

I couldn't sleep last night
There were lions and bears
Tearing you from my sightI couldn't sleep last night
How you looked like my daughter
It's burnt in my mindI can't feel anything the morning after you
I can't tell anyone the morning after youI couldn't sleep last night
You were chasing the birds
Till the beast caught your eyeI couldn't sleep last night
How you looked like an angel
It's burnt in my mindI can't feel anything the morning after you
I can't tell anyone the morning after youAnd I hope you sleep with the marigold
I hope you
When it is time
And I pray you don't feel the animals
I save you
Promise this timeI couldn't sleep last night
There were lions and bears
Tearing you from my sightI couldn't sleep last night
How you looked like my daughter
It's burnt in my mindI can't feel anything the morning after you
I can't tell anyone the morning after you
