

Dearest Helpless

Silverchair

Dearest helpless
Intent's not as bad as the action
Take a breath to distort
The fear in your eyes I don't mean it to hurt
But every time I hate you
I think of you first He's made you blind
You're better on your own
I'm just the kind
To bring you down Equalize the pressure
It's all too much
Sex drugs and image is just enough
To get you by in the real world He's made you blind
You're better on your own
I'm just the kind
To bring you down He's made you blind
I'm just the kind
To bring you
To bring you He's made you blind
You're better on your own
I'm just the kind
To bring you down
