

# H2O

## Wale

Upper body, might work for that  
But you ain't a model where your focus at  
Know too many broads, going way too hard  
So have a glass of water for your thirsty ass  
Like that, your thirsty ass  
Know it's a problem and we notice that  
You be goin' too hard and never know when to stop  
Have a glass of water for your thirsty ass  
Like that, your thirsty ass  
Know it's a problem and we notice that  
You be goin' too hard and never know when to stop  
Have a glass of water for your thirsty ass  
Like that
