

# Been Smoking Too Long (Nick Drake cover)

## Placebo

Yeah, I really, um, I really, I really wanted to kind of like,  
To capture some kind of like moment, but maybe it's better if I'm  
sober'  
Wake up in the morning, I look at my clock  
It's way past noontime, i'm late for work  
Tell me what have i done wrong?  
Nothing can go right with me it must be that i've been smoking too long  
Go to fix me some breakfast, i ain't got no food  
Take me a shower, the water don't feel no good  
Tell me what have i done wrong?  
And nothing can go right with me must be that i've been smoking too long  
I got opium in my chimney, no other life to choose  
Nightmares made of hash dreams, the devil in my shoes  
What have I done wrong?  
Yeah nothing can go right with me it must be that i've been smoking too  
long  
When I'm smoking, smoking, put my worries on a shelf  
Try not to think about nothing, don't wanna see myself  
What have I done wrong?  
And nothing can go right with me it must be that I've been smoking too  
long  
In this blues i'm singing, there's a lesson to be learned  
You go round smoking, you're gonna get burned  
Fuck me what have I done wrong?  
Nothing can go right with me must be that i've been smoking  
Too long, too long
