Guardrail

Bayside

You wanted to know just what makes me tick
I guess I could say that you and your bullshit
Are pushing me towards an explosion
I guess it was right to meI wish, I could ride you
Drive you too fast into a sharp curve
Break your neck like you broke my will
The guardrail will take you homeI guess you get caught up in the day to day
Drama of being you to notice me
And what's become of my eyes, the vessels are an angry red
Just like the blood from my lips as I chew on themI wish I could ride you
Drive you too fast into a sharp curve
Break your neck like you broke my will
The guardrail will take you homeI keep your picture as a reminder of what I wish, I wasn't
It's like a fun house mirror version of myself
Through those fucked up eyes of yoursI wish I could ride you
Drive you too fast into a sharp curve
Break your neck like you broke my will
The guardrail, the guardrail
The guardrail will take you home
