

On The Old Spanish Trail

[Roy Rogers](#)

No Silver spurs, tingle like hers and mine
It was music divine, but now it's gone
Pardon me if I sigh,
Yi yi yi yi yi yi, Let me tell you a tale,
Of the Old Spanish Trail
She and I used to ride side by side
Along the Old Spanish Trail Desert stars high above
Seem to say "Fall in love"
So we talked of June honeymoon
On the Old Spanish Trail
One night I was capping the campino
That night she was in somebody else's arms
Have I seen her since then? Only now and again
When together, they ride side by side
On the Old Spanish Trail.
Have I seen her since then? Only now and again
When together, they ride side by side
On the Old Spanish Trail.
Pardon me if I sigh,
Yi yi yi yi yi yi,
