The Broadcast

Love Equals Death

What's on the TV screen
Another failed American dream
Or a life lost to this tragedy
Suffocated thoughts
Pacified social talks
On how we the people need to bleedWe won't live in silence
We won't live in silence
We won't live in silence
These eyes have seen enough violence
We won't live in silence
We won't live in silence
We won't live in silence
These eyes have seen it allHave you read the news?
The politicians say it's true
Die for your country
Or it's freedom you lose
Who you gonna believe?
The death toll or a politician's greed?
They fooled you but they won't fool meWe won't live in silence
We won't live in silence
We won't live in silence
These eyes have seen enough violence
We won't live in silence
We won't live in silence
We won't live in silence
These eyes have seen it allThis is a broadcast, now listen up
If you keep your mouth closed then we all get fucked
This is your time to scream
We want to be freeIt's all fun and games
Until someone gets hurt
America's the man
And the world's the skirt
Looking for a fuck
You wanna find it here, good luck
I won't fall to these fascist waysThis is a broadcast, now listen up
If you keep your mouth closed then we all get fucked
This is your time to scream
We want to be free
