

Million Dollars

Soul Generation

If I had a million dollars
I'd buy you love just to give to you
And if I had a million bucks
I'd buy some love just to give to you

If I had a million dollars
If I had a million bucks

If life were love and love was life
I'd pick the two, oh, yeah
But only if I could share them both with you
You know I would

If your love was stock, girl
I'd buy every share
I'd corner the market
A monopoly I would declare, yeah

If I had a million dollars (I'd buy your love)
If I had (Whoa...) a million bucks
If I had a million dollars (I'd buy some love)
If I had (No...) a million bucks

If I had a million dollars (I'd buy some love)
If I had (Whoa...) a million bucks
If I had a million dollars
