

Richie Dagger's Crime

Germes

i'm richie dagger
i can stomp and swagger
i can take on all your heroes
i'm richie dagger
i'm young and i'm haggard
the boy that nobody ownshe sits in his corner like a child despised
a crazy sort of cast comes over his eyes-
thats richie daggers crimehe's that sort of boy that was never much loved
his idea of fun was society's grudge-
thats richie daggers crimehis life was such a mess
and his friends werent quite the best
but he was satisfied-
thats richie daggers crimesuck me in and spit me out
devour me in haste-(Chorus)he could set your mind ablaze
with sparkling eyes and visionary case
he stood like a remnant from an outbreak past
wore something in his ear
and boy was he a sass-(Chorus)
