

# Comatose

## Depeche Mode

Comatose, almost  
You've got me dreaming  
Slipping in  
And sliding out  
Of conscious feeling Take a light  
Start the flame  
Play the game, woo  
I am lost  
In your eyes  
Hypnotised  
Here I believe  
Dreams never deceive Comatose, almost  
You've got me dreaming  
Slipping in  
And sliding out  
Life has no meaning Bodies move  
Colors change  
Girl you're strange, woo  
Here inside  
I'm at home, I'm alive  
Don't be afraid  
I'm floating away  
(Away) Comatose, almost  
You've got me dreaming  
Slipping in  
And sliding out  
Of conscious feeling Comatose, almost  
Comatose, almost  
Comatose  
(Comatose) Comatose, almost  
Comatose, almost  
Comatose  
(Comatose)
