

# Silicone in Stereo

Jessica Lowndes

Waiting, for a star on the boulevard  
Driving to the bar in sugar daddy's car  
Fading, sleeping in the neighbor's yard  
Wake up in the morning, hit the gym real hard  
Playing pretend, when you smile for the camera lens  
Got your fake friends, and new juice cleanse  
Plastic, just like Barbie and Ken  
Rolling down the street in a hot pink Benz  
Everywhere I go, everyone I know  
Gonna be like: "What you gonna say,  
what you gonna do with your life?"  
Fast life, first class, sipping from the hour glass  
Sleeping in the bubble bath (sleeping in the bubble bath)  
Doing child's pose in pantyhose  
Wiping sugar from your nose  
Silicone in stereo (silicone in stereo)  
Leaving, that dream at the coffee bean  
Looking like a scene from the silver screen  
Party, with the queens 'cause the girls are mean  
Popping adderall on the trampoline  
Palm trees, growing from the sand in La La Land  
Botox, blowjob, a spray can tan  
Sleeping, with your best friend's man because you can  
You don't give a damn 'cause you got a plan  
Everywhere  
I go, everyone I know  
Gonna be like: "What you gonna say,  
what you gonna do with your life?"  
Fast life, first class, sipping from the hour glass  
Sleeping in the bubble bath (sleeping in the bubble bath)  
Doing child's pose in pantyhose  
Wiping sugar from your nose  
Silicone in stereo (silicone in stereo) (x2)  
Living in a fantasy, your own reality  
A calamity for the world to see  
On a cover of a magazine.  
A story-book tragedy, total insanity  
It's everything you wanna be  
Fast life, first class, sipping from the hour glass  
Sleeping in the bubble bath (sleeping in the bubble bath)  
Doing child's pose in pantyhose  
Wiping sugar from your nose  
Silicone in stereo (silicone in stereo) (x4)
