Faithful

Allen Stone

I should of, would of, could of loved her better,
She could of loved me worse,
Well, I never, ever gave her the love that she deserved,
She never wanted much,I wish I could fly right back to her,
I wish that time would die, and I could hold her,
I wish that I could go back and change it all,
Cause, all she ever said, all she ever said was,
All she ever said, all she ever said was,Are you gonna be faithful?
Are you gonna be faithful?
Are you gonna be faithful?
Are you, are you gonna be faithful?I better, let her, get herself away from me,
But I know I won't let go,
She's gotta, lotta living far away from me,
With somebody who's faithfulI wish I could fly right back to her,
I wish that time would die, and I could hold her,
I wish that I could go back and change it all,
Cause, all she ever said, all she ever said was,
All she ever said, all she ever said was,
All she ever said, all she ever said was,
All she ever said, all she ever said was,Are you gonna be faithful?
Are you gonna be faithful?
Are you gonna be faithful?
Are you, are you gonna be faithful?
Are you, are you gonna be faithful?All I know,
If you give love, love it will go,
All she ever said, all she ever said was,
All she ever said, all she ever said was,
All she ever said, all she ever said was,
All she ever said, all she ever said was,Are you gonna be faithful?
Are you gonna be faithful?
Are you gonna be faithful?
Are you, are you gonna be faithful?
Are you, are you gonna be faithful?
