

Everything You're Not (Jorge Duran Remix)

Demi Lovato

I've been bruised and I've been broken
Can't believe that I put up with all this pain
I've been used and I was choking on the promise
I would never fall again I used to sing to your twisted symphony
The words that had me trapped inside your misery
But now I know
The reason why I couldn't breathe Cause all I want is everything you're not
So go ahead and slam the door
Cause you can't shut me out
And no I don't, I don't care what you say
Cause all I really, all I really want
Is everything you're not Everything you're not not not Your darkness was my weakness but it turns out
That it only went so deep
A meaningless diversion that is all that you
Ever meant to me And I am done with your twisted symphony
The words that had me sound like stolen poetry
I tore the pages and I can finally breathe Cause all I want is everything you're not
So go ahead and slam the door
Cause you can't shut me out
And no I don't, I don't care what you say
Cause all I really, all I really want
Is everything you're not I want a gentleman who treats me like a queen
I need respect, I need love
Nothing in between I will not spell it out for you if you can't see
Cause you're not worthy, you don't deserve me
A now I'm gone Everything you're not, not, not
Everything you're not, not, not Cause all I want is everything you're not
So go ahead and slam the door
Cause you can't shut me out
And no I don't, I don't care what you say
Cause all I really, all I really want
Is everything you're not Never gonna break my heart again
Never gonna see your face again
Never wanna feel this way again
