

She's My Baby

The Rocket Summer

Work's been rough
Hear too much stuff like
"They don't get it so tough."
It's like I haven't heard that enough
Better luck next month
Here's how it sounds to be let down
After going round and round
You just step back and think "Wow."
I guess it's actually a silent sound...

But then there's she
And she's my baby
She's so good to me
She's my baby

Becoming lost is where I am at
So much time has passed
And I'm stuck trying to relive the past
And I can't go back
Will somebody just save me?
'Cause I'm growing up so fast
And yeah it ain't really a blast

Because I just dusted off some records that I bought at 14
Then I busted into tears 'cause I didn't believe
The melodies and memories
'Cause then I see
The fallen dreams

But then there's she
And she's my baby
She's so good to me.
She's my baby
(Yes you are, yes you are, yes you are, yes you are.)
She's my baby
She's so good to me
She's my baby

Woah; yeah you mean everything to me.
