Animal Instinct

Rage

[Music by: P. Wagner, M. Schmidt]
[Lyrics by: P. Wagner]In the depths of our mind
There hides a lust that's really dangerous and blind
Waiting for the outburst, for an instigation, I betYou won't be ashamed
To kill if you're not blamed
It won't need much to free
The element of crimeOur world is full of hidden crime
What they call god is nothing but an empty shell
And in this name they think it's right to slaughter
A higher orderYou won't be ashamed
To kill if you're not blamed
It won't need much to free
The element of crimeAnimal instinctAll day we hear it in the news
In every state and country the defenceless are abused
What could we even learn from history, it's just
A dated list crimesAnimal instinct
See it in their eyes
