

# Everything's Magic

## Angels & Airwaves

Do you ever feel like your alone?  
Do you ever wish you'd be unknown?  
I can say that i have  
I can say that i have

Do you ever feel things here arent right?  
Do you ever feel that time slipped by?  
I can say that i have  
I can say that i have

(chorus)  
So hear this please  
And watch as your heart speeds up endlessly  
Look for the stars as the sun comes down  
Each breath that you take has a thunderous sound  
Everything, everything's magic  
Just sit back and hold on but hold on tight  
Prepare for the best and the fastest ride  
Reach out your hand and I'll make you mine  
Everything. everything's magic

Do you ever lay awake at night?  
Do you ever tell yourself don't try?  
Don't try to let yourself down  
Don't try to let yourself down

Do you ever see yourself in love?  
Do you ever take a chance my love?  
Because you know that i will  
Because you know that i will

(chorus)  
So hear this please  
And watch as your heart speeds up endlessly  
Look for the stars as the sun comes down  
Each breath that you take has a thunderous sound  
Everything, everything's magic  
Just sit back and hold on but hold on tight  
Prepare for the best and the fastest ride  
Reach out your hand and I'll make you mine

Everything, everything's magic  
Everything. everything's magic

(repeat chorus)
