Drive

Jonas Brothers

I was in the background, with you
Fading out of view
She was on the front line
Shining star of the room
I want to get closer
But there's nothing I can do
What a shame (Yeah Yeah)I'm headed for the exit
Guess it's time to hit the road
I wish she was with me
Cause I, I just never know
I the car up thinking pedal on the floor
About to take off and she opens up the doorShe said "Let's get going, we got time"
I can see that look inside your eyes, yeah
And to my surprise it was all green lights
Life's a crazy ride
So get in the car and drive
Come on now
YeahWe were in the fast lane going to who knows where
No destination but she don't seem to care
She kept me guessing with the moonlight in her eyes
So fierce now, yeah yeah
I stopped to question all the things that I don't know
She doesn't answer, she just turn up the radio, yeahShe said "Let's get going, we got time"
I can see that look inside her eyes, yeah
And to my surprise it was all green lights
Life's a crazy ride
So get in the car and driveSometimes in life moments arrive
Things don't turn out the way you planned
So never think twice
Just get in the car and drive
Yeah, Yeah
Come on now
Come on nowShe said "Let's get going, we got time"
I can see that look inside her eyes, yeah
And to my surprise it was all green lights
Life's a crazy ride
(So get in the car and drive)She said "Let's get going, we got time"
I can see that look inside her eyes
(I see that look inside her eyes)

And to my surprise (And to my surprise)
It was all green lights
Life's a crazy ride
So get in the car and drive
