

Roll Off

Petey Pablo

Who rang my phone?
That boy gon be a singer one day fo real
Naw, man get serious for a minute
I said and I said and I said
'Cuz he told me, 'cuz he told me, 'cuz he told me Why should I worry about what people say?
When they gon talk about me anyway
They gon make up all sort of thangs
I just got to be the bigger man and let it roll off The talk dont bother me
I believe in me if nobody else does
And let it roll off just like the one
And only feather of a dove's back, yeah, I said You know it probably wouldnt worry me so much
If I was out there and behind closed doors
I was what they call caught up
Stealin' donkin' and drugs, livin' reckless
And takin' advantage of all I worked so damn hard for Really needed help, but afraid to ask
Lonely, depressed, or just needed someone else
On the verge of givin' up, paranoid, scared
Totally overlookin' how much I been blessed How could you understand what you say they said
And most of all why they said it, and I just nod my head
When you wrong youre wrong, Ill admit it
Ill confess to anything if I did it But to spread unnecessary lies, I dont get it
How could you find enjoyment in my business?
You know what, forget it, talk my nigga
If you wasnt talkin' about me, I probably miss ya Why should I worry about what people say?
When they gon talk about me anyway
They gon make up all sort of thangs
I just got to be the bigger man and let it roll off The talk dont bother me
I believe in me if nobody else does
And let it roll off just like the one
And only feather of a dove's back, yeah, I said Petey doin' this, Petey doin' that
I seen Petey here, but what he doin' there?
Why you dont come and ask, it ain't gon make me mad
I respect that more than you doin' it like you have Botherin' my family scarin' them to death
Why you talking to them about me
When you can talk to me yourself
I might blast back, lose it and tear into your ass
Or I could be a man about it and talk and clear the air But you dont never know that 'cuz you wont take the
chance
What that mean? You missin' somethin' in the crotch of your pants

He can make me laugh, 'cuz sometime the story can be so outrageous
Cant say nothing but damn you know what I really am? Beyond that her momma told me somethin' one day
And I aint forgot it if they scared to my lie
To my Heavenly Fathers precious name
Then who am I to complain? Why should I worry about what people say?
When they gon talk about me anyway
They gon make up all sort of thangs
I just got to be the bigger man and let it roll off The talk dont bother me
I believe in me if nobody else does
And let it roll off just like the one
And only feather of a dove's back, yeah, I said I dont care, go head
Stop, get away from here
Leave me alone, leave me alone
Leave me alone, leave me alone I dont care, go head
Stop, get away from here
Leave me alone, leave me alone
Leave me alone, leave me alone The rumors you spread dont bother me
The lies you tellin' dont bother me
I thought about it
And I wouldnt be no better than you I dont care, go head
Stop, get away from here
Leave me alone, leave me alone
Leave me alone, leave me alone Why should I worry about what people say?
When they gon talk about me anyway
They gon make up all sort of thangs
I just got to be the bigger man and let it roll off The talk dont bother me
I believe in me if nobody else does
And let it roll off just like the one
And only feather of a dove's back, yeah Why should I worry about what people say?
When they gon talk about me anyway
They gon make up all sort of thangs
I just got to be the bigger man and let it roll off The talk dont bother me
I believe in me if nobody else does
And let it roll off just like the one
And only feather of a dove's back, yeah, I said, I said
