

# Light This Party Up

[Rick Springfield](#)

Sometimes my life feels like one long fall from grace  
I chase my dreams I was getting weary from the chase  
I've held an angel's hand and I've felt the devil's bite, yeah  
Now I take my regrets and burn them down

The future's looking bright

Let's light it up We'll light this party up

You better buckle up

We'll light this party up

Give you a kiss for luck

Love is the deepest cut

We'll light this party up I give you love 'cause that's all I've got left to give

No time for tears, we've just got this one life to live

I tell the truth, it's time to cowboy up, mmm, yeah

No one gets a free ride, life is a mystery

Drink from the loving cup

And light it up We'll light this party up

You'll raise your party cup

We'll light this party up

Give you a kiss for luck

You better buckle up

We'll light this party up Come on now

Ain't no doubt

Shout it out

Don't keep your pretty mouth shut

Light it up We'll light this party up

Love is the deepest cut

Mmm, yeah We'll light this party up

Love is the deepest cut

We'll light this party up

Give you a kiss for luck

Love is the deepest cut

We'll light this party up

Mmm, light it up We'll light this party up

You'll raise your party cup

We'll light this party up

Light it up

Give you a kiss for luck

You better buckle up

We'll light this party up
