Goldfrapp

It's a blue, bright blue Saturday, hey hey
And the pain is starting to slip away, hey hey I'm in a backless dress on a pastel ward that's shining
Think I want you still
But there may be pills at work Do you really wanna know how I was dancing on the floor?
I was trying to fool you when I'm crawling up that door
And there's a tune at things you say that you don't do
Why don't you wreck? I was feeling lonely, feeling blue
Feeling like I needed you
Like I'm walking up surrounded by me A&E It's a blue, bright blue Saturday, hey hey
And the pain is starting to slip away, hey hey I'm in a backless dress on a pastel ward that's shining
Think I want you still
But there may be pills at work How did I get to accident, emergency?
All I wanted was you to take me out high
And I was feeling lonely, feeling blue
Feeling like I needed you
Like I hoped you'd call and hoped you'd see me
