I Believe In You

Agnes

Sometimes everything around me gets me all confused
sometimes it's hard to see and understand the truth
Where do you go when all the signs don't make a bit of sense
when all the roads end up some place you've already been
[Pre-chorus:]I guess it's easy to lose faith
but I've been blessed I've found my way
'cause all I need to know is...
[Chorus:]I believe in my love for you
It lights me up inside
I believe in the things I feel
Just looking in your eyes
And every kiss that we share reminds
me of what's good and true
I believe in my love for you baby
the joy that you bring me
I believe in you
Sometimes the world can seem so big and make you feel so small
Sometimes it feels like all you do is trip and fall
What gives us strength to keep it going when we hit the wall
to get up every morning ready to give it all
[Pre-chorus:]I guess it's easy to lose faith
but I've been blessed I've found my way
'cause all I need to know is...

[Chorus:]I believe in my love for you
It lights me up inside
I believe in the things I feel
Just looking in your eyes
And every kiss that we share reminds
me of what's good and true
I believe in my love for you baby
the joy that you bring me
I believe in you
All that I need, all that I want
is right here inside, inside of my heart
Keeping me strong, keeps me holdin' on
All that I need, all that I want
is right here inside, inside of my heart
Keeping me strong, keeps me holdin' on

[Chorus:]I believe in my love for you
It lights me up inside
I believe in the things I feel
Just looking in your eyes
And every kiss that we share reminds
me of what's good and true
I believe in my love for you baby
the joy that you bring me
I believe in you
[fading improvisation]
