Diamonds in the Rough

Bonfire

Some dig for gold - 'til they get old
Though they hold a treasure
Some dig down deep - playin' for keeps
I'm so glad that I found youI might not be the diamond
you had in mind to find
And you are not that shiny little stone
But you get what you see
and I will guarantee
Rough edges with a lifetime warranteeWe are - like diamonds in the rough
You and I - going well together
We believe - when everyone falls off
Holding on - diamonds are forever
Diamonds in the rough
Some look for love - but get lost in lust
Out here in the jungle
Some hearts ignite - for Mr. Right
Lookin' for Miss PerfectI might not be the rich man
who paves your way with gold
And you are not the daughter of a queen
Between love and a fight
we try to get it right
Like magnetism - we attract each otherWe are - like diamonds in the rough
You and I - going well together
We believe - when everyone falls off
Holding on - diamonds are forever
Diamonds in the rough
We are - like diamonds in the rough
You and I - going well together
We believe - when everyone falls off
Holding on - diamonds are forever
Diamonds in the rough
