

Together

Keshia ChantÃ©

Oh ya
Alright

[Chorus]

You know I'm down
And I'm there for you
I know you got my back
And I gotchu too
And there's something you should know
Lets do it together
See I'm your Bonnie
And you're my Clyde
I'm always gonna be here by your side
And there's something you should know
Lets do it together

I know we don't always
See eye to eye
Cause you be looking one way
And so am I
We got an understandin'
And that's just how it is
No matter what tha problem
Were still makin' ends

Baby you know
I'm loving all this time with you
Ain't letting you go
I don't want to lose a good thing
Not to young to see
That true love comes once in a lifetime
So come with me
We can do this together

[Chorus]

I told you from the get go
I'm down to ride
Ain't no looking backwards
We'd be one for life

Love can be so demandin'
Its all in the game
But as long as were together
We'll make it through the rain, ya

Baby you know
I'm loving all this time with you
Ain't letting you go
I don't want to lose a good thing
Not to young to see
That true love comes once in a lifetime
So come with me
We can do this together

[Chorus]

Cause you know I'm there for you
No one can love you better
All the things that we've been through
No one can take ya place
You and I against the world
Lets make it last forever
You're the only one for me
You want you
I need you
I love you

[Chorus]
