Lost

James LaBrie

Sometime after five
I don't know what I've done
But I put my car in a drive
And I'm blinded by the sunIn my rear view mirror
The colors start to fade
My past just disappears
And I am so afraidI'm lost, show me the way
I'm lost, show me the way
I'm lostThought I saw the sign
Perhaps I should have turned
I really see just fine
Guess I'm not concernedMaybe I'll forget
Way things were before
It's too late for regrets
'Cause I've opened up the doorI'm lost, show me the way
I'm lost, show me the way
I'm lostI'm lost, show me the way
I'm lost, show me the wayI'm lost, show me the way
I'm lost, show me the way
I'm lost, show me the way
I'm lost, show me the way
I'm
