

Fear

[Criss Angel](#)

I live in the past
I can't move on beyond the pain
I feel no release
I want to find my peace of mind
My fear (come on) - it's holding me stillborn
My fear (come on) - I'll never be again
(don't fear) You stole the innocence
From a child to be no more
Blinded by the silence
Afraid to speak a word Thinking on the times of my demise and
I wish it wasn't me the victimized
and I don't know
really can't see how I really couldn't kill the mother who violated me
