

Everytime Tha Beat Drop

Monica

Rock, then bend my knees, everytime tha beat drop
Rock, then bend my knees, everytime tha beat drop You know pimpin' make tha beat drop, and with a laptop
I make 'em do it, do it as soon as the beat drop
Might throw my towels out like Nick, I like to wyle out
I'ma stay in the game until I fall out First I lean, grab a ball and then I pop wit it
When they bring the mics, the crowd, I rock wit it
And licks, tryin' to get it quick
When the songs come on, they like, That's my ***** I can't help who I'm is, when they play my shh
I just love to dance everytime tha beat drop
I love to wyle out, damn right, shake it all night
Hey, that's my jam everytime tha beat drop I said ooh, all the ladies in the club grab a dude
And you work it real slow, you can do it
Move it 'til you make him lose it
He gon' be a fan everytime tha beat drop I know you used to seein' Mo laid back
So for the most part, you think I'm like that
You about to get a glimpse of the fit
I'm givin' ***** on the floor, man, when I hit the door, man 'Cause I ain't one of these too bourgeois broads
Always in the club, holdin' up the wall
You about to get a taste of the way
That we do it down here in the A, let me say I can't help who I'm is, when they play my shh
I just love to dance everytime tha beat drop
I love to wyle out, damn right, shake it all night
Hey, that's my jam everytime tha beat drop I said ooh, all the ladies in the club grab a dude
And you work it real slow, you can do it
Move it 'til you make him lose it
He gon' be a fan everytime tha beat drop Now I ain't talkin' 'bout a little two step
I'm talkin' 'bout some'n that'll make you sweat
And when I talk, well, I'm through talkin'
I'm about to do some, move some, let you see some'n When I say get gutta it's enough said
Do the bounce like you over on Bankhead
And then if anybody got a problem with the way you doin'
You look 'em dead in the face and you say I can't help who I'm is, when they play my shh
I just love to dance everytime tha beat drop
I love to wyle out, damn right, shake it all night
Hey, that's my jam everytime tha beat drop I said ooh, all the ladies in the club grab a dude
And you work it real slow, you can do it
Move it 'til you make him lose it
He gon' be a fan everytime tha beat drop I trick stats like killers and I blow that money
I'm drunk off the Goose, so I throw that money

I'm spendin' white T cash, yeah, that throw back money
When I step off in the spot they like I know that's money And my chain so scented, the colors diamonds' unique,
man
I ball all week, you only ball on the weekend
Damn and he ain't fresh as I'm is
It's DFB, ***** and I can't, I can't, I can't I can't help who I'm is, when they play my shh
I just love to dance everytime tha beat drop
I love to wyle out, damn right, shake it all night
Hey, that's my jam everytime tha beat drop I said ooh, all the ladies in the club grab a dude
And you work it real slow, you can do it
Move it 'til you make him lose it
He gon' be a fan everytime tha beat drop Y'all know what this is, DFB
Everytime tha beat drop
Let's get it
Everytime tha beat drop
