

Place In Your Heart

Nazareth

Is there a place in your heart left for me?
Is there some space where the parkin' sign says free?
Maybe there's just one little spot, maybe some corner that you've forgot
Is there a place in your heart left for me? Well, I know you got so many you can choose from
There's always flowers lyin' by your door
I bet you your phone it never stops, bet you're the queen at the local hops
I bet you get valentines but never keep the score Is there a place in your heart left for me?
Is there some space where the parkin' sign says free?
Maybe there's just one little spot, maybe some corner that you've forgot
Is there a space in your heart left for me? I bet you your phone it never stops, I know you're the queen at the local
hops
I bet you get valentines but never keep the score Is there a place in your heart left for me?
Is there some space where the parkin' sign says free
Maybe there's just one little spot, maybe some corner that you've forgot
Is there a place in your heart left for me?
Is there a place in your heart left for me?
Is there a place in your heart left for me?
