Major Pager

Space

Mr. Major's got a pager
Because he sells E's
To the Russians
Who crush and snort them
But they never seem to sneeze
I need no answers to my questions
And I need no questions to my answers
Now Felix the Cat is on his back
Oh Felix the Cat what a twat
So who needs Columbo
He's just got off a slow boat
From China or somewhere like that
I need no answers to my questions
And I need no questions to my answers
I need no answers to my questions
And I need no questions to my answers
