

# Cowboy Hat

that dog.

I picked a cookie from the wrong batch  
I found an egg unable to hatch  
I started a fire  
But I could not find a match 'Cause you wore a cowboy hat  
In the middle of the highway  
A cowboy hat  
Fears flying everywhere  
A cowboy hat  
And your middle fingers pointed at me I saw a Goldfish swimming downstream  
I picked an orange from the wrong tree  
You're the most valuable player  
But I've chosen the wrong team 'Cause you wore a cowboy hat  
In the middle of the highway  
A cowboy hat  
Fears flying everywhere  
A cowboy hat  
And your middle fingers pointed at me A cowboy hat  
In the middle of the highway  
A cowboy hat  
Fears flying everywhere  
A cowboy hat  
And your middle fingers pointed at me A cowboy hat  
Lying in the desert  
A cowboy hat  
Soaking in the gutter  
A cowboy hat  
And your middle fingers pointed at me
