Freakin' and Peakin'

Luna

Give me an answer
Wrap it up, up to the top and back
Freakin' and peakin', loosin' touch
Can't tell the wrong from rightOut on the streets, sugar in the streets
Thinkin' we'd talk without speakin'
She was pointing at me but I was pointing at you
Can't tell the wrong from rightGotta keep movin', movin' on
Before it gets too much
She was pointing at me but I was pointing at you
Can't tell the wrong from right
