

# Freakin' and Peakin'

[Luna](#)

Give me an answer  
Wrap it up, up to the top and back  
Freakin' and peakin', loosin' touch  
Can't tell the wrong from right Out on the streets, sugar in the streets  
Thinkin' we'd talk without speakin'  
She was pointing at me but I was pointing at you  
Can't tell the wrong from right Gotta keep movin', movin' on  
Before it gets too much  
She was pointing at me but I was pointing at you  
Can't tell the wrong from right
