

# Big Big Love

**Ben Sures**

Oh can't you feel my love a' growin'  
Can't you feel it, ain't it showin'  
Oh you must be knowin'  
I got a big big love  
It's not the type to be concealing  
It's the type to be revealing  
Oh, you must be feeling  
I got a big big love  
I think it's time we done some walkin'  
I think it's time we done some talkin'  
Well there's a great big moon above  
Honey, I got a big big love  
This is not infatuation  
It's true love's sensation  
It's not my imagination  
I got a big big love for you

It's time we done some walkin'  
I think it's time we done some talkin'  
Well there's a great big moon above  
Honey, and I got a big big love  
This is not infatuation  
It's true love sensation  
It's not my imagination  
I got big big love  
It's not the type to be concealing  
It's the type to be revealing  
Oh, you must be feeling  
I got a big big love  
I got a big big love  
I got a big big love  
I got a big big love for you
