Lover. Fighter.

Svrcina

Everybody says thereâ€™s two kinds of hearts where
Ones love and one goes to war
Some make peace and others get even
No solid ground to stand for
Surely, itâ€™s not easy or that simplified
Iâ€™m dying while you walk away and I
Wanna put my boots and march to the front lines
I will be your Lover. Fighter. Harder. Higher. Lover. Fighter.
I wanna fight for Lover. Fighter. Under. Fire. Lover. Fighter.
I wanna fight for love, love, love [2x]
You drew an arrow and pulled it, burned like a bullet
It was love, it was heat, it was true
We were called into battle and all of it shattered
Buy Iâ€™m aiming high not to lose you
I know, itâ€™s not easy or that simplified, no
But you and I are on each others side, so
Take my hand and we will march to the front lines
I will be your Lover. Fighter. Harder. Higher. Lover. Fighter.
I wanna fight for Lover. Fighter. Under. Fire. Lover. Fighter.
I wanna fight for love, love, love [2x]
I know, itâ€™s not easy or that simplified, no
But you and I are on each others side
Ooooohhh oh
I know, itâ€™s not easy or that simplified, no
But donâ€™t you know that Iâ€™d lay down my life
Ooooohhh oh
I will be your Lover. Fighter. Harder. Higher. Lover. Fighter.
I wanna fight for Lover. Fighter. Under. Fire. Lover. Fighter.
I wanna fight for love, love, love [2x]
I wanna fight for love, fight for love, fight for love [3x]
Oooooh
