

# Baby When I Close My Eyes

## Sweet Spirit

L is for the way we look when we're together  
U because we're unashamed  
S is for the sweat reflecting from your body  
T is for the way you taste

Baby when I close my eyes  
The loneliness that I endure  
Baby it's like paradise  
'Cause I don't feel it anymore

F is for the way it feels to be together  
U because we're unashamed  
C because we can't afford another baby  
Kiss me make it go away

Baby when I close my eyes  
The loneliness that I endure  
Baby it's like paradise  
'Cause I don't feel it anymore  
Baby when I close my eyes  
The loneliness that I endure  
Baby it's like paradise  
'Cause I don't feel it anymore
