

Twistin' & Groovin'

Leon Bridges

I got a call from my baby, said she fed up with me
Said she's found another lover, in another city
Said she's doing fine in New Orleans Now she got me pacing, huh, wondering where'd I go wrong
Got me going in circles like the merry-go-round
Gonna take the west train to Louisiana in the morning Sweet little girl from the ninth ward in New Orleans
The way she dancing, you could see her from Tennessee
Up under that red dress, are legs long as the bayou trees
She got a golden smile, I know she's the one for me in the room She's a-twistin' and a-groovin', shakin' and a-movin'
She don't know what she doin' to me, I
Love the way that you dance, and honey, I've got a question
Baby, would you be my queen
All right now Her name was Eartha, was her name I could never forget
Just like the way she dipped on the bronze-tiled floor
Honey was movin' with ease, each and every step
So good that baby had my eyes at her glow
No shiny jewelry, still the brightest thing illuminatin' the room That girl is twistin' and a-groovin', shakin' and a-movin'
She don't know what she doin' to me, I
Love the way that you dance, and honey, I've got a question
Baby, would you be my queen Oh, oh, baby
Oh, oh, baby
Oh, oh, baby
Oh that baby got a golden smile
I know she's the one for me in that room That girl is a-twistin' and a-groovin', shakin' and a-movin'
She don't know what she doin' to me, I
Love the way that you dance, and honey, I've got a question
Baby, would you be my queen Oh, oh, baby
Oh, oh, baby
Oh, oh, baby
Mm, that baby got a golden smile
I know she's the one for me in that room
