

Louis XIV (Jimmy Kimmel Live Version)

Louis XIV

Well I'm a, weapon of mass destruction
got no apologies for a hyper-concussion
I might, swap your identity
Take pure love and turn it in to obscenity
You say that I don't care about
All the little things that you care about
Oh you think that I don't care about
All little things that make you want to shout
Oh, me me me me is all you say that I care about
Well, me me me me is all I ever want to talk about
Me me me me is what you think that I care about
Me me me me is all I really want to talk about!
(instrumental) I'll steal your soul
Put you in a club in Cleveland
(instrumental) well I'm a poll-toned blue-collar ____ in psychology
when I need a fix I don't need no apology
and all the kids on the street,
they think I'm me me me me me well, me me me me is all you think that I care about
me me me me is all I ever want to talk about
Me me me me is what you think that I care about
Me me me me is all I ever want to talk about!
(instrumental) who's your daddy
(instrumental)
