Man, I showed up, pimpin' ya curled up

Ha, wamp, wamp, what it do?No hotta, flow droppa since papa
You Penny Annie neegaz, see I know Copper
Left the game on a high note, flow opera

Neega ball around the world, call me 'Globe Trotter'
Trick dollar, ask what I feel? Notta
Give a bitch yellow fever all these gold bottlesAnd late models, I lean throttles
Roof back with the coupe black, playa think he need goggles
Look mama, I be fly papa
Strictly Bathing Ape, Ice Cream and BBC rockerSo proper, hammer time, gun cocker
Top shotta, me hesitate none, pop ya
Egg shell on the scale for my snow coppers
Don't ask what I sell, shit I'm Bet CrockerMan, I showed up, pimpin' ya curled up
I head straight to the bar just to post up
I roll the dro up, my cup mold up
Bitch don't just stand there wit ya nose upC'mon wamp, wamp, what it do? What it do?
Ha, wamp, wamp, what it do? What it do?
Wamp, wamp, what it do? What it do?
Ha, wamp, wamp, what it do?Mirror, mirror, who's the fairest?
Tricked a buck fifty on that horse and carriage
Must admit, nothing like these carats
Them hol's holla back just like they parrotsDown to the watches, alligator strap
Six different time zones, I don't set her back
Seventeen a brick, yeah, go and tell 'em that
I got the wamp wamp when I move it, it's still dampMildewish when I heat it, it turn bluish
It cools to a tight wad, the Pyrex is Jewish

I get paper, it seems I get foolish
Take it to Jacob and play, "Which hues the bluest?"We ain't browsing, luxurious housing
Pull up so mean with the angel bowing
Or with the emblem bearing the stallion
European custom, the leathers ItalianMan, I showed up, pimpin' ya curled up
I head straight to the bar just to post up
I roll the dro up, my cup mold up
Bitch don't just stand there with ya nose upC'mon wamp, wamp, what it do? What it do?
Ha, wamp, wamp, what it do? What it do?
Wamp, wamp, what it do? What it do?
Ha, wamp, wamp, what it do?So much glamor, that I can't stand the
Bright from the ice, chain xenon lamp ya
Depression in ya mind like a free frame camera
The white tape tight like ya seen on pampersWhat's under the couch? Probably freeze up Santa
Whatever it cost baby we got answers
Line outside full of Jo Jo dancers
'We got it for cheap', that's the re-up anthemBy far the coldest, O six lotus
Zero to sixty, hocus pocus
The feds don't know so they stick they noses
While we off the coast, proposing toastsHol's and mo shit, the family close knit
And deep like the 'who two' you cockroaches
Just like the flow, the fo's ferocious
I tuck you in, homie, 'Buenos Notches'Man, I showed up, pimpin' ya curled up
I head straight to the bar just to post up
I roll the dro up, my cup mold up
Bitch don't just stand there with ya nose upC'mon wamp, wamp, what it do? What it do?
Ha, wamp, wamp, what it do? What it do?
Wamp, wamp, what it do? What it do?
Ha, wamp, wamp, what it do?
