

# Fix

## Hazel English

Fill your body  
Just to get outside of it  
You'd give up yourself  
Just to get another fixTell me you want  
Me to stay the night  
I'll wait for hours  
Fueled by my desire  
I wanna feel alive  
I wanna feel aliveDarling just give in  
Get out of your head again  
Craving that feeling  
Take me away again  
I wanna feel alive  
I wanna feel alive  
Build your boundaries  
Just to watch it all caving in  
You'd give up control  
Just to let another inTell me you want  
Me to stay the night  
I'll wait for hours  
Fueled by my desire  
I wanna feel alive  
I wanna feel aliveDarling just give in  
Get out of your head again  
Craving that feeling  
Take me away again  
I wanna feel alive  
I wanna feel alive  
I wanna feel alive  
I wanna feel aliveDarling just give in  
Get out of your head again
