Come Down

Sylvan Esso

Hey Mama won't you come down
Hey Mama won't you come down
To the river, To wait, To beHey Mama won't you come down
Hey Mama won't you come down
To the river, To wait, To beOooo wash my hair
Like you wash my hair
For years and years
I'm going to waitOooo wash my hair
Like you wash my hair
For years and years
I'm going to waitThere's a man, that I know
And I think he loves me so
Finally, I'm going to waitSo, Mama won't you come down
Hey Mama won't you come down
To the river, To wait, To be
