Running (Radio Edit)

Black Light White Light

I'm coming in but won't you let me out
To run is pleasant
On this occasion
I cannot go aboutI'm building up until I'm cracking down
One stupid mention
The feckless questions
I cannot go aboutIf you decide to go along
Beware the signs they are running oldTell everybody that we' re guided by voices tonight
Haven't you learned anything since you've been coming here twice
Do you know want I want
Since I know what I want
I don't know what they want
But they want what you've got
