Cut Throat

Assjack

I'll kill again, rape you indeed(?)

Always a job, for what I need
Don't think you're smart ???

When I hear you I'll come to you
When I cut you what will you do
No one will look into my eyes
'cause no one will cut the cutthroat man

I'm not ashamed of what I've done
Just like a dog, I'm on the run
Doing my time with a loaded gun
Do you know that I'm the only one

When I hit you, I'll go through you
When I cut you, what will you do
No one will look into my eyes
'cause no one will cut me
'Cause I am the cutthroat man

Bring it on
Bring it on

You can't kill me cause I'm the cut throat man

The mighty warrior
Fuck your lover
Kill your sister
Rape your mother
Fight your father
Fuck your lover
Kill your sister
Rape your mother
