

Love Alive (Feliciano Vocal Mix)

Heather Johnson

[VERSE1]

Hey baby
Just wanted to say that I love you anyway
You know I try to get over you

[CHORUS]

We only tell the truth in selfishness
We always feel guilty when we cry
That's why I'm burying my soul
This love for you will die

[VERSE2]

Years gone by and I lied to myself, is it true...?
You're my cries
My heart needs you

[CHORUS]

We only tell the truth in selfishness
We always feel guilty when we cry
That's why I'm burying my soul
This love for you will die

[VERSE3]

Hey baby
Life goes on
But here's what love can do
Still time, holding memories against you
Leave me, contemplate
Holding on, holding on so long
It's not enough to love so much
And then move on
It just won't die...
Ohhhh ohhhh
Hey baby
Life goes on
But here's what love can do
There's still time and in old memories against you

[PRE-HOOK]

It st won't die
Our love is alive
Our love is alive
Our love is alive
Our love is alive
Our love is alive

[CHORUS]X2

We only tell the truth in selfishness
We always feel guilty when we cry
That's why I'm burying my soul
This love for you will die

Our love is alive
Our love is alive ohhhhh....
