4 Life (feat. Graham Candy)

Robin Schulz

Hey, your love is like a summer rain
That brought me back to life again
On the dry lands of my heart, you washed away the painNow there's a rhinestone river and it takes me to the sea
The million lights that shimmer when it's dark inside of me
Before I grow dimmer and I die and go to sleep
I wanna say these words to you tonightWe're singing, oh
Let's take tonight and make it for life
We're singing, oh
Baby, tonight, I'll say it right, let's make it for lifeHey, my heart was in a black shade of gray
Until you came and lit your flame
You brought back the colors to my destinyNow there's a rhinestone river and it takes me to the sea
A million lights that shimmer, but it's dark inside of me
Before I grow dimmer and I die and go to sleep
I wanna say these words to you tonightWe're singing, oh
Let's take tonight and make it for life
We're singing, oh
Baby, tonight, I'll say it right, let's make it for lifeWe're singing, oh
We're singing, oh
Baby, tonight, I'll say it right, let's make it for life
