King Of All

Planetshakers

You are the light
That broke through the night
Made a way for all mankind
You are the one
God's risen Son
You are the saviour of the world

Oh Lord
Where would we be without Your love
Oh Lord
Where would we be without Your love

Glory to the risen King we sing
All our praise
Honor to the one who took our sin
Jesus
Worthy to receive all majesty
You our Lord
King of all

You are the light
That broke through the night
And made a way for all mankind
You are the one
God's risen Son
You are the saviour of the world

Oh Lord
Where would we be without Your love
Oh Lord
Where would we be without Your love

Glory to the risen King we sing
All our praise
Honor to the one who took our sin
Jesus
Worthy to receive all majesty
You our Lord
King of all
King of all

King of all
King of all

We cry out to You
King of all
Come fill us with Your love for all
That all may know You
And all may sing
Glory to the King

We cry out to You
King of all
Come fill us with Your love for all
That all may know You
And all will sing
Glory to the King

We cry out to You
King of all
Come fill us with Your love for all
That all may know You
And all may sing
Glory to the King

Glory to the risen King we sing
All our praise
Honor to the one who took our sin
Jesus
Worthy to receive all majesty
You our Lord
King of all
King of all
King of all
King of all
King of all
