

# The Longest Line

[Nofx](#)

In the darkest tunnel it's nice to see a light  
Not just a headlight  
Like the one that's heading right for me  
It would be nice if things could turn out right  
Turn out right yeah  
Don't think I'll ever see the day  
I must have done something wrong  
Or maybe pissed off god  
I think of chinese food when I think of life  
That's sweet and sour  
My life is sweet as saccharine  
You know 3 week old milk and grapes are not  
Not the same, no  
I am the one johnny carcinogen  
I must have fucked with some witch  
In turn she cursed me, cursed my life

At the end of the longest line  
That's where I will always be  
If you need to find me, just go to  
The end of the longest line  
But officer that was a yellow light  
The light was red, son  
Insubordination, reckless driving  
I must be wrong, this can't be right  
I don't belong, this world is much too dangerous  
For someone lacking luck, like me  
At the end of the longest line  
That's where I will always be  
If you need to find me, just go to  
The end of the longest line  
At the end of the longest line  
That's where I will always be  
At the end of the longest line
