

# Reborn In Steel

## Sacred Steel

Steel forged in fire  
baptized in blood  
the flame soaring higher  
given birth the metal godDoom falls silent death draws near  
bring on vengeance pain and fear  
assault of metal death is real  
kneel and praise the gods of steelYou are born to suffer  
you are born to bleed  
your time is over  
the false one to be killedRighteous slaughter no more lies  
time for truth the time to die  
metalheads born to the light  
sons of steel will kill tonight
